

SHEQ POLICY

AS A LEADER IN MQL PRODUCTS, APPLICATORS AND RELATED SERVICES;

Product (Pty) Ltd focuses on the Realisation and Development of MQL Products, Systems and Services that promote Customer Business Work Environments that are Safe, Cost Effective and Environmentally Friendly in furtherance of their Business Objectives and Social Responsibilities.

PRODUCT IS COMMITTED TO:

The implementation, compliance, and continuous improvement of the SHEQ Management Standards, all statutory and regulatory requirements that govern the Minimum Quantity Lubrication (MQL) industry in furtherance of resolute service and Management excellence.

Ensure that all Safety, Health, Environmental and Quality (SHEQ) recommendations are implemented, maintained, and understood throughout the organization as proof of institutionalized commitment to efficient and effective service delivery.

Rendering services that comply with rigorous SHEQ objectives and contractual obligations as prescribed by the international standards and expected by customers, employees and stakeholders.

Providing a Safe and Healthy Working Environment and will strive to eliminate all possible hazards.

The Consultation with and the Participation of Workers.

Continue manufacturing and supplying of Environmentally friendly, Minimum Quantity Lubrication (MQL) products which contribute to the minimization of Lubricant used and Lubricant to be disposed of (Waste) after use. Its Products contribute positively to the reduction on the Carbon Footprint and ultimately continue to contribute to the mitigating factors on Climate Change.

Continue its efforts to proactively integrate Climate Change considerations into its Quality Management Systems in order to continuously improve and sustain the impact of its operations on Climate change.

Continuously consider initiatives to address climate change within its sphere of operation and in doing so it can enhance the resilience and sustainability of the organization and also contribute to global efforts to mitigate the impacts of climate change.

SHEQ OBJECTIVES

PRODUCT STAFF AND MANAGEMENT WILL:

Raise the level of SHEQ awareness amongst all employees through active programmes, targets, and objectives.

Continuously identify and comply with all relevant legal and regulatory requirements.

Continuously evaluate the effectiveness of the SHEQ Management System through formal audits and legal assessments.

Establish, Monitor and Promote continuous improvement and performance objectives to satisfy the needs and expectations of customers and interested parties.

Commit to continuously promote effective communication and consultation relating to skills development, training, competencies, and resource requirements.

Optimise the use of raw materials and energy sources through the reduction of waste and the promotion of environmentally friendly, healthy and safe operational conduct.

Commit to continuously consider initiatives to address climate change within its sphere of operation.

The Managing Director
